Laboratory Services Division

Water sampling instructions for Inorganic Chemistry Tests

Colorado Department of Public Health and Environment

8100 Lowry Boulevard Denver, CO 80230

Phone (303) 692-3048 Fax (303) 344-9989 http://coloradostatelab.us

Bottles for the testing you ordered:

Sample Collection

- Fill BacT bottle to the 100 mL fill line
- Fill the other bottles to the base of the neck

Bottle labels

- Write the customer name and collection date and time on each label and affix one label to each bottle
- If submitting bottles for more than one sample site/location please describe the location so we can tell the samples apart

Request for Analytical Services Form

- Check to make sure the customer address is correct and that the address can accept mail. Record an email address if you want the results emailed
- Ignore the PWS ID as this is only for public water systems
- Record any relevant sample site information. See back page for example
- Record the date and time that the sample was collected
- Record the water type. For example: well, public, surface/pond/stream, or other (include description)
- Record the temperature of the water if known

Submitting samples to the laboratory

- Bottles must be returned within 30 hours of sampling or the bacteria results may not be valid
- Either hand deliver or overnight the samples to:

Laboratory Services Division 8100 Lowry Boulevard Denver, Colorado 80230
